DEALER STAMP

WELCOME TO HYVA

Hyva Group is a leading global provider of innovative and highly efficient transport solutions for the commercial vehicle and environmental service industries.

The company is committed to the development, production, marketing and distribution of components used in hydraulic loading and unloading systems on trucks and trailers.

Our products are used worldwide across a range of sectors including transport, construction, mining, materials handling and environmental services providers.

Hyva's portfolio comprises: Tipping Solutions (cylinders and tipping gear), Container Handling Systems (hookloaders and skiploaders), Waste Handling Systems (transfer stations, compactors and refuse collection bodies), Floors (horizontal unloading/loading floors) and Cranes (fixed and rolling).

Hyva: Your Trusted Partner.

OUR COMPANY

Founded in 1979 in The Netherlands, Hyva has significant manufacturing facilities in Brazil, China, Germany, India and Italy.

Operating in more than 130 countries the company has more than 2,000 employees around the world, encompassing 39 subsidiaries and 13 production facilities.

Hyva products are now recognised as clear leaders in their fields. Our development engineers combine a unique blend of experience and expertise. They know what works, and what will still be working in 10 years time. Hyva products are fully certified to quality standards ISO9001:2008 and ISO14001:2004.

A core part of Hyva's culture is to lead our industry by introducing new products with new ideas and new specifications.

The latest TITAN skiploader is the perfect example of our continuous self - improvement. Easy to install and easy to use, its features and benefits are unequalled.

Working closely with over 25,000 customers in 130 countries offers us a huge source of knowledge and experience - and hence a unique opportunity to continuously improve the products we offer. Our local application engineers understand all the various market and legal requirements, and are therefore your key advisors for optimum product selection.

Yet Hyva is much more than its products alone. Customer care is also fundamental. As a result, our Hyva Care programme provides a comprehensive range of after-sales support services.

Hyva: The Complete Solution.

TITAN SKIPLOADERS

The Most Advanced Skiploader Available

Further enhancing Hyva's track record for innovation and versatility, TITAN is the most advanced skiploader available today.

Thanks to TITAN's range of advanced features and user benefits, skiploader operation is now faster, safer, more efficient and more productive than ever.

TITAN. For Work Without Limit.

Key Facts:

- Fully bolted construction for easy installation and maintenance
- Radio remote control system (TRR) unique to Hyva
- Safe, efficient and speedy operation
- Floor mounted skip clamps keep containers secure
- High quality factory anti - corrosion paint
- Maximum durability and reliability

MODEL RANGE

Model	HYVA Equipment		Type	Truck Chassis	
	Lifting Capacity (Retracted)	Lifting Capacity (Extended)		GVW	Axles
T2006	6 Tonnes	4.2 Tonnes	Standard, Telescopic	7.5-13 Tonnes	2
T2008	8 Tonnes	5 Tonnes	Standard, Telescopic	10-16 Tonnes	2
T2012	12 Tonnes	8 Tonnes	Standard, Telescopic	16-22 Tonnes	2
T2014	14 Tonnes	9.3 Tonnes	Standard, Telescopic	18-26 Tonnes	2
T2018	18 Tonnes	12 Tonnes	Standard, Telescopic	26-32 Tonnes	3

TITAN Radio Remote (TRR) allows full control of all functions from a handset

TITAN can be supplied with both TRR and manual lever controls

TITAN's TRR system takes skiploaders into the future

Fully bolted construction improves chassis installation and makes maintenance easy

Long reach arms on telescopic models add to versatility

Floor mounted container clamps keep containers secure

Fully bolted rear end speeds maintenance and reduces downtime

Powerful lifting arms are both lightweight and robust

Rear hooks and torsion tube make loading and unloading speedy and safe

High quality anti - corrosion paint helps keep TITAN looking and working at its best

Hyva's Easy Sheet system is a popular option in many markets

TITAN IN SERVICE

General

Easy to use and operate, TITAN skiploaders are the optimum solution for the widest range of applications including construction, general site work and domestic waste removal.

Recycling

Large scale recycling plants need a constant stream of incoming materials. TITAN delivers those goods with outstanding performance and reliability.

Metals

Skiploaders working in metals usually operate at higher GVWs. TITAN skiploaders are available in a full range of floor lengths to suit every type of truck chassis.

HYVA CARE

Right Up Your Street

Hyva is committed to providing excellent service. With a customer base of 25,000 customers and activity in 130 countries we know how to provide full back up for our customers and dealers.

We have built an international sales and after-sales service network of own subsidiaries, service partners and dealers who have the capability to provide the best transport solutions and provide world class after sales service through Hyva Care approved service workshops.

Hyva Care starts with a commitment to offering the best possible warranty across our full product range. We also offer customised, low cost repair and maintenance contracts to keep your equipment operating at its optimum and unplanned downtime to the absolute minimum.

Operating skiploaders is a hard business conducted in challenging environments. By reducing unplanned downtime and expenditure to the minimum, Hyva Care makes everything that bit easier.

Hyva Care – At Your Service.

Key Facts:

- The best warranty in our industry
- Maximum parts availability
- Customised R&M contracts
- Full technical support
